

# K4B2G1646F-BFMA

SAMSUNG  
DDR3

## Perfect for every computing environment

Developed in 2005, Samsung's industry-first DDR3 is the most used system solution, from PCs and home appliances, to automotive and medical devices.

### Specification

Density  
**2 Gb**

Organization  
**128M x 16**

Speed  
**1866 Mbps**

Voltage  
**1.35 V**

Temperature  
**-40 ~ 95 °C**

Package  
**96 FBGA**

Product Status  
**EOL**
