UFS 2.1 : The next level of mobile storage

Blazing fast 5G, super charged app performance, industry-beating read-write speeds – UFS 2.1 is here. With an astonishing 6Gbps bandwidth, it removes speed bottlenecks to unleash the full potential of your fastest products. The security level of UFS 2.1 does guarantee a much safer environment to store and run different pieces of information/files without losing data or compromising your privacy.

Specification

Version
UFS 2.1

Capacity
256 GB

Voltage
1.8 / 3.3 V

Interface
G3 2Lane

Package Size
11.5 x 13 x 1.72 mm

Temperature
-40 ~ 105 °C

Product Status
Mass Production
